CONNECTION TO A DRAIN UNDER AUTHORITY OF THIS PERMIT IS SUBJECT TO THE FOLLOWING CONDITIONS:

- | |
|---|
| 1. Permittee/Owner agrees that no connection to the Drain shall be made without prior notice of at least three (3) business days to the Oceana County Drain Commissioner's Office (Drain Office). |
| 2. Permittee/Owner shall not commence the connection to the Drain without a Drain Office inspector present, unless waived by the Oceana County Drain Commissioner (Drain Commissioner). Permittee/Owner is responsible for all costs incurred by the Drain Commissioner for the inspection. Additional inspection fees may be required above the permit fee. |
| 3. Permittee/Owner shall maintain a copy of the issued Permit at the site which shall be available for inspection at all times during the course of work to allow for the connection to the Drain. |
| 4. Permittee/Owner agrees to provide the Drain Commissioner with one copy of <i>as-built drawings</i> of the connection performed on the Drain within 30 days after the connection allowed in this Permit is completed. The as-built drawings shall indicate location and elevations and size of the connections to the Drain. If Permittee/Owner fails to provide the as-built drawings within the required time, the Drainage District is authorized to have the as-built drawings prepared, and the Permittee/Owner agrees to be responsible for all costs involved. |
| 5. Permittee/Owner agrees to hold harmless, indemnify and pay the reasonable costs to defend the Drainage District, the Drain Commissioner and their agents, employees and/or contractors from any and all actual damages arising out of the connection to the Drain and the existence of the connection within the Drain Easement and any and all actual damages or claims for damages to person or property arising from the connection and/or use of the connection in the Drain Easement. |
| 6. Permittee/Owner shall be responsible for payment of any and all reasonable and necessary application fees, together with any and all reasonable and necessary costs incurred by the Drainage District arising from this Permit, including, but not limited to, engineering, inspection, enforcement and administrative fees, incurred in the preparation of this Permit, and any services rendered attendant thereto. Payment shall be due upon receipt of invoices. |

<p>7. This Permit does not waive the necessity for obtaining all other required federal, state, or local permits, and specifically includes any Soil Erosion and Sedimentation Control permits issued by the Drain Commissioner's Office.</p>	
<p>8. Specific conditions to the Permit include the following:</p> <p>a. Discharge rate shall comply with Oceana County Drain Commissioner <i>Subdivision Drainage Rules and Storm Water Design Criteria</i> manual: The maximum rate or volume of storm water discharged from a site shall not impair or exceed the capacity of the downstream storm sewer, open channel, watercourse, wetland, or overland flow path. It is the Proprietor's obligation to meet this standard. Should the storm water system, as built, fail to comply, it is the Proprietor's responsibility to design and construct at his expense, any additional and/or alternative storm water management facilities (i.e. onsite detention). Such additional facilities shall be subject the Drain Commissioner's review and approval.</p> <p>b. Connections to manholes shall be made with a resilient connector for pipe diameters 24 inches or less.</p>	
<p>9. Permittee/Owner shall contact Michigan MISS DIG SYSTEM prior to the commencement of Work. Permittee/Owner shall follow all MISS DIG SYSTEM requirements in performing the Work. The MISS DIG SYSTEM date of call and docket number shall be furnished to the Drain Commissioner's Office before any work commences.</p>	
<p>10. There is to be no obstruction of flow of water in the Drain as defined in Sections 421 and 422 of the Drain Code, MCL 280.421 and 280.422, during performance of the connection to the Drain unless specifically authorized by the Drainage District in writing consistent with the approvals granted under this Permit.</p>	
<p>11. Permittee/Owner shall not make any other improvements, or perform any other activities, on the Drain or in the Drain Easements outside of the connection to the Drain that is specified in this Permit without the prior written consent of the Drain Commissioner.</p>	
<p>12. Permittee/Owner agrees that should the Drain require maintenance or improvement in the future that requires the relocation of the connection to the Drain or within the Drain or the Drain Easement, the connection shall be relocated in a timely manner upon the written request of the Drain Commissioner at the sole cost of Permittee/Owner. Permittee/Owner is also responsible for any additional costs for the maintenance and/or improvement of the Drain due to the existence of the connection to the Drain in the Drain Easement.</p>	
<p>13. This Permit is binding on Permittee/Owner, its heirs, assigns, and successors in interest. This Permit is not assignable without the written consent of the Drain Commissioner, which consent shall not be unreasonably withheld.</p>	
<p>14. Violation of any of these specified terms and conditions shall constitute a breach of this Permit to which the Drainage District and/or the Drain Commissioner may direct the relocation or the removal of the connection within the Drain Easement to comply with the terms of this Permit, with all reasonable and necessary costs, including but not limited to construction, engineering, inspection and enforcement, to be paid by Permittee/Owner.</p>	
<p>15. The commencement of the installing the connection to the Drain under this Permit shall constitute an acceptance by Permittee/Owner of the terms and conditions set forth in this Permit.</p>
