

WHEN YOU WANT TO BUILD, REMODEL OR DEMO

Visit oceana.mi.us/departments/building-department/ for downloadable permit applications, fill in the blank drawings, and other useful information/documents.

Start with step 1 and make your way down to ensure you have all documents when applying for a building permit. This will keep the process moving quickly so that we can get you started on your project as soon as possible.

1. **Site plan** – a copy of this should be supplied to each department requiring a permit.
2. Check with public utilities when building near right of way or easement.
3. **EGLE Permit** - from the department of Environment, Great Lakes, and Energy (EGLE)'s Water Resources Division is required for any construction activities that would impact a lake, river, stream, wetland, dune, high risk erosion, or floodplain. EGLE's Wetland Map Viewer at www.mcgi.state.mi.us/wetlands/ can be used to determine if your project may impact a regulated feature.
For questions:
 - Inland lakes/streams/wetlands: Kristen Fisher, fischerk2@michigan.gov 616-446-6523
 - Critical Dunes/High Risk Erosion: Kristen Fisher, fischerk2@michigan.gov 616-446-6523
 - Floodplain: Minh-Huy Radics, radicsm@michigan.gov 616-446-2488
 - **Claybanks Twp only** critical dunes/high risk erosion contact Nancy Cuncannan cuncannann@michigan.gov or (616)690-1229
4. **DNR Permit** - from the Department of Natural Resources is required for earth moving activities within 400 ft of the designated portion of the White and Pere Marquette Rivers. Please check the maps available at www.michigan.gov/dnr to see if your property falls within the designation. For questions, please contact DNR-NaturalRivers@michigan.gov or reach out directly to the appropriate permitting staff:
 - White River – Kesiree O'Brien, obrienk7@michigan.gov 517-388-4536
 - Pere Marquette River – Dana Castle, castled1@michigan.gov 231-285-1042
5. **Zoning Permit or Waiver** - needed if you are doing work in a Zoned Township (see list on page 2)
6. **House number form** - obtained from the Oceana County Equalization Department (231)873-4609 at 100 S. State St. Hart, MI 49420. This is mandatory for all new homes and/or new construction on vacant lots
 - **Power Pole Address form** is also needed for any new service poles on vacant lots
7. **Septic/Well Permit** - District #10 Health Department (231) 873-2193. The Building Department needs the actual permit, not the receipt. New homes or buildings with new well/septic.
8. **BPA** – District #10 Health Department (231) 873-2193 is required when:
 - Changing use of existing structures (such as warehouse to a restaurant)
 - Adding a bedroom
 - New structures on small waterfront lots with NO ACTIVE well & septic permit
 - Reconnecting to existing well & septic
9. **Driveway Permit** – from the County Road Commission (231)873-4226 is needed when no other buildings already exist, when doing anything in road right-of-way and/or where culverts will have to be installed, except for when the driveway will be on a private road.
10. **Soil Erosion Permit** - may be obtained from the Oceana County Drain Commission Office (231)873-3887 at 100 S. State St. Hart, MI 49420.
 - Within 500ft of water and is over 225sf of earth disturbance
 - Over an acre of earth disturbance
 - Commercial projects (new buildings, additions)
11. **Building Permit** - The Building Inspection Department is open between the hours of 8 a.m. – 12 noon and 1 p.m. – 3:30p.m. Monday through Friday, except holidays. If a contractor is doing the work, they must be licensed and they should be the one to come in to obtain the building permit.

WHEN YOU WANT TO BUILD, REMODEL OR DEMO

- Commercial work requires an architect seal on plans. Use Group, Construction Type and Occupancy Load MUST be filled out on permit application.
- Electrical, Plumbing and Mechanical Permits are obtained at the Oceana County Building Inspection Department.
- An Occupancy Letter is required on all buildings before they can be used or occupied.
