

SOIL EROSION PERMIT APPLICATION (SESC)

Oceana County Drain Commissioner
100 State Street, Suite M-11
Hart, MI 49420
Office: (231) 873-3887 Fax: (231) 873-5914
E-mail: dc@oceana.mi.us

Date: _____
Permit#: _____
Fee: _____
Site class: _____
Expires: _____

PLEASE TYPE OR PRINT

1. PROJECT INFORMATION

PROPERTY ADDRESS _____

CITY/VLG/TWP _____ PARCEL# 64- _____ - _____ - _____ (REQUIRED)

DESIGNATED AGENT (IF APPLICABLE) _____

BUILDER _____ CONTACT NAME _____

ADDRESS _____ CITY _____ STATE _____ ZIP _____

PHONE _____ CELL _____ EMAIL _____

ON-SITE RESPONSIBLE PERSON _____

CELL PHONE _____ EMAIL _____ (REQUIRED)

2. LANDOWNER INFORMATION

LANDOWNER NAME _____

MAILING ADDRESS _____ CITY _____ STATE _____ ZIP _____

PHONE _____ CELL _____ EMAIL _____ (REQUIRED)

3. TYPE OF CONSTRUCTION/EARTH DISTURBANCE (Circle one)

RESIDENTIAL MULTI-FAMILY LAND BALANCING/GRADING COMMERCIAL INDUSTRIAL ADDITION/OUT BUILDING

4. PLEASE ANSWER "YES" OR "NO" TO THE FOLLOWING QUESTIONS

_____ A. Will any soil be removed from the site?

_____ B. Will any "fill" material be brought into the site? If yes, state amount & type(s) of fill _____

_____ C. Will vegetative re-stabilization (sod, seed & mulch, landscaping, etc) be provided by the builder?

_____ D. Is the property within 500' of a lake, stream, open drain, pond, detention/retention pond or wetland?

If yes, identify the water course: Name _____

_____ E. Does the project require a EGLE permit? If so, please submit a copy to the Drain Office once received.

_____ F. Has a zoning permit been obtained? If so attach a copy of the zoning permit

5. Area of earth disruption in acres or square feet _____

6. Distance from earth disruption to nearest open drain, lake, stream, pond, or wetland in feet _____

7. Type of soil (or attach a soils survey map of the property) e.g. sand/silt/clay _____

Permit Conditions

In accordance with Rule 1709 promulgated under the authority of Part 91, Soil Erosion and Sedimentation Control, of the Natural Resources and Environmental Protection Act, 1994 PA 451, as amended, and in addition to the information on the attached plan(s) and special conditions, the following general conditions apply to the earth change authorized by this permit:

1. Design, construct, and complete the earth change in a manner that limits the exposed area of disturbed land for the shortest period of time.
2. Remove sediment caused by accelerated soil erosion from runoff water before it leaves the site of the earth change.
3. Temporary or permanent control measures shall be designed and installed to convey water around, through, or from the earth change at a non-erosive velocity.
4. Install temporary soil erosion and sedimentation control measures **before or upon commencement** of the earth change activity and maintain the measures on a daily basis. Remove temporary soil erosion and sedimentation control measures after permanent soil erosion measures are in place and the area is stabilized. ("Stabilized" means the establishment of vegetation or the proper placement, grading, or covering of soil to ensure its resistance to soil erosion, sliding, or other earth movement.)
5. Complete permanent soil erosion control measures for the earth change within 5 calendar days after final grading or upon completion of the final earth change. If it is not possible to permanently stabilize the earth change, then maintain temporary soil erosion and sedimentation control measures until permanent soil erosion control measures are in place and the area is stabilized.

ENFORCEMENT ACKNOWLEDGEMENT

- A. Failure to comply with the applicable requirements of Part 91, Soil Erosion and Sedimentation Control of the Natural Resources and Environmental Protection Act, Act 451 of the Public Acts of 1994, as Amended ("Part 91"), is a civil infraction and will result in one or more of the following actions taken by this office: (1) a fine up to \$2,500; (2) installation of soil erosion and sedimentation controls by county enforcing agency with all costs related to the administration, legal costs, permit or renewal fees and implementation of controls to be assessed against the landowner which may become a lien on the property if not paid; (3) a temporary restraining order will be filed in court to restrain any and all further construction at the property site, and to recover damages to the natural resources of the state; and (4) any other legal action necessary to ensure compliance with Michigan Law.
- B. A person who knowingly violates Part 91 or knowingly makes a false statement in an application for a permit or in a soil erosion and sedimentation control plan may be ordered to pay a fine of up to \$10,000 for each day of violation.
- C. If corrective action is not taken with five (5) days of the date of a Notice of Determination Violation letter, the permit holder will be responsible for a payment of a civil fine of not less than \$2,500 or more than \$25,000 for each day of violation. MCL 324.9121(1); 9121(2); AND 9121(3).
- D. By applying for and accepting this permit, the landowner hereby consents to the following: (1) The authority of the Michigan Department of Environmental Quality, or the County Enforcing Agency to enter upon the property at all reasonable times for the purpose of inspecting and investigating conditions or practices that may be in violation of Part 91; (2) installation of soil erosion and sedimentation controls by the County Enforcing Agency with all costs related to the administration, legal costs, permit or renewal fees and implementation of controls to be assessed against the landowner which may become a lien on the property.
- E. No earth disruption can occur on this site before the issuance of the soil erosion permit. If work is started before a permit is obtained, the permit fee will be doubled.

LANDOWNERS SIGNATURE

*I hereby acknowledge that I have read, understand and accept the terms and conditions of this application. I understand that an application and site plans that are incomplete and/or incorrect shall be returned which may result in a delay in issuing a permit. The County Enforcing Agency has 30 days from the date of receipt of a complete and correct application and site plan to complete the review and issue this permit.**

I (we) affirm that the above information is accurate and that I (we) will conduct the above described earth change in accordance with Part 91, Soil Erosion and Sedimentation Control, of the Natural Resource and Environmental Protection Act, Act 451 of the Public Acts of 1994, as amended, applicable local ordinances, and the documents accompanying the application.
